Product Name:

COOLING WORKING TABLES

MODEL: CFI-TCP 30

Purpose:

The TPC 30 are refrigerated working tables, with static positive refrigeration, designed to receive 400x600mm trays or grids. They exist in built-in refrigerating unit version (GL) and in remote refrigerating unit version (GD).

Features:

- All the internal angles are rounded off to ensure a perfect cleaning.
- All the supports are removable without any tools.
- Panels insulated with polyurethane foam 42kg /m3, high pressure.
- 400x600 trays or grids must be ordered separately.
- Built-in refrigerating unit H.T.A. (High Ambient Temperature, +43°C maximum).
- Evaporation tray for the defrosting waters (removable).
- Batteries protected by a reinforced cataphoresis treatment.
- The TPC range can be entirely disassembled. Full stainless steel panels or PVC coated.

Specifications

Size of supports	400 x 600
Support entry direction	400
Number of supports per level	1
Total number of supports	33
Number of doors	3
Number of levels	11 per door
Spacing out of levels	50 mm
Adjustable every	50 mm
Level depth	600
Refrigerating unit	1/3 CV
Refrigerating capacity at -15°C	0,6 kW

Specifications

Fluid	R448A
Voltage	220-240V~IPH+N+T
Frequency	50 Hz
Connecting electrical power	0,52 kW
Connection	4 A
Stainless steel top	(1700x885) paying option
Stainless steel back guard	(1700) paying option
Granite top (1700x885)	paying option
Granite back guard 20mm thick	(1700) paying option
Packing (LxPxH)	2350 x 1010 x 1090 mm
Net weight	250 kg
